

"what else can I do?"

Pregnancy now? It seemed too hard!! I felt stuck between a rock and a hard place...What other choice did I have but abortion?

I went to CareNet for a pregnancy test, only to learn that...

- Yes – I was pregnant
- No – that is not the end
- Yes – there are other options
- No – motherhood isn't a cakewalk but there are resources – training, counselors, and supplies
- Yes – pregnancy is the beginning of something wonderful: life!
- And – I really can't wait to go back for an ultrasound. ☺

He "brings me out into a spacious place" (Ps. 18:19).

Please pray for CareNet to fulfill our mission to love and protect these "little lives" as we serve their mothers and fathers.

life: HE creates it. love it. protect it.
